Pai Peng
Bldg. 2, No. 58, Qingta West Rd.,
Beijing, China

Dear Pai Peng:

I am pleased to offer you admission to the full-time Master of Engineering Entrepreneurship and Innovation program (Entrepreneurship and Innovation) in the W Booth School of Engineering Practice and Technology at McMaster University for the session beginning in September 2020. The typical duration of this program is 20 months. This offer is conditional upon the receipt of an official transcript confirming that your Bachelor's degree has been completed with at least a B- average in the final year (in the discipline you are entering). You are responsible for coordinating the delivery of your official, final transcript to McMaster University. Transcripts are to be sent directly from the issuing institution to the graduate program office prior to August 27th, 2020. Failing to meet these conditions, this offer will be rescinded. Please note that you must maintain good academic standing in any courses currently in progress or taken post-application/offer. Please read the additional terms and conditions relating to this offer which are described in the attached "Notes for Successful Applicants for Graduate Study" document.

Full-time program fees for the M.E.E.I. program for the 2019/20 academic year (September to August) for Visa students are \$39,000.00 annually plus flat fee full-time supplementary fees of \$998.16. Please note that program fees and supplementary fees, normally increase each academic year, effectively on September 1 of that year. Supplemental Fees are non-refundable and subject to change for subsequent academic years. Tuition for the 2020/21 and subsequent academic years is subject to change. This offer does not include any financial support. Hence, you are expected to have sufficient funds to cover all expenses. Please note that should you accept this offer of admission, you will be required to pay a Deposit Fee of \$500.00.

This offer needs to be understood in the context of the expenses you will face here. A reasonable estimate of living expenses, in addition to tuition fees and travel costs to and from McMaster, for a graduate student for a 12-month period is about \$12,500 for a single person. Health Insurance is mandatory for all Visa students and is provided through the University Health Insurance Plan (UHIP) at a current cost of \$636 for one person. It is mandatory to apply for UHIP for dependents (spouse and/or children) if they are residing in Ontario, within 30 days of arrival. We encourage you to begin the application process to obtain your Visa study permit as soon as possible.

Please inform us of your acceptance or rejection of this offer by completing the on-line response form as soon as possible. We hope that you will decide to accept our offer, and we look forward to welcoming you to Graduate Studies at McMaster University.

Sincerely yours,

Jessica Dorsch
